

# Project: Tornado Cloud Journal

Try to find each type of cloud using your cloud type knowledge from the PT web article “Nature’s Cotton Balls: The many types of clouds”.

High Level Clouds (above 23,000 ft):

## *Cirrus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

### *Cirrocumulus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

### *Cirrostratus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

Mid-Level Clouds (between 7,000 -23,000 ft):

### *Altostratus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

### *Alto*cumulus

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

### Low Level Clouds (under 7,000 ft):

#### *Stratus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

#### *Strato*cumulus

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

### *Nimbostratus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

### Puffy “Balls of Cotton”

### *Cumulus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.

### *Cumulonimbus*

When: \_\_\_\_\_

Where: \_\_\_\_\_

Describe: \_\_\_\_\_

\_\_\_\_\_

Take a picture, print it out, and paste it here or draw what you see.
